# POSTGRADUATE STUDIES *Guideline*

Semester **March 2026**

## Message From The Dean

### Congratulations and a warm welcome to UiTM!

We at IPSis are truly delighted to welcome you as our new postgraduate students!

You are about to begin an inspiring journey, and we eagerly look forward to assisting you in creating a transformative and memorable experience.

Start your journey by exploring our lively website and following us on social media for the latest updates and insights. Remember to familiarise yourself with essential resources such as the Postgraduate Academic Rules and Regulations, Research and Coursework Guidelines, and the Thesis/Dissertation Formatting Guide. Stay up to date with important academic dates—visit our Padlet for all the key information you need.

To enrich your experience further, we recommend attending workshops, seminars, and training courses aimed at enhancing your learning. Joining student societies, campus events, and networking opportunities is an excellent way to meet others and broaden your horizons.

Postgraduate studies offer a valuable opportunity for deeper learning and specialisation. We believe each of you has your own unique motivations, and we're here to support you every step of the way.

Wishing you all the best as you begin your exciting postgraduate journey!

**#ExcelwithIPSis: Continue to inspire and strive for greatness together!**

## Introduction

**UiTM** takes pride in its establishment as one of the premier institutions of higher education in the country. Although the history of UiTM dates back to 1956, the genesis and growth of the Institute of Postgraduate Studies (IPSiS) can be traced to April 1997. It was the passing and ratification of the ITM Act in 1976/1997/1999 that laid the foundation for the establishment of IPSiS. Although being relatively new, the Institute prides itself as being progressive, dynamic and innovative in fulfilling its aims of providing opportunities for Bumiputera graduates to further their education at the Master's and Doctoral levels.

This thus endorses its vision of engendering academic excellence and being at the forefront of graduate academic advancement. In striving to raise the levels of professional graduate education, it is the Institute's mission to nurture the creation of a graduate learning community by providing educational opportunities that would help to push its frontiers for societal well-being.

IPSiS operates as the nerve-centre of graduate-level education in the institution and is responsible for the implementation and management of overall administration. It coordinates and formulates policies on admission and academic regulations, as well as provides support to facilitate research and learning among postgraduate students.

## Motto, Philosophy, Vision, Mission and Objectives

### **Motto**

“Usaha, Takwa, Mulia”

### **Philosophy**

We trust that Allah SWT bestows individuals with talents, interests, and inclinations who, when holistically nurtured, trained, and developed through transparent knowledge generation, transfer, and integration, coupled with the embodiment of Islamic values, are capable of championing individual, societal and national transformation.

### **Vision**

A premier university driving Professional Bumiputera

### **Mission**

To elevate the knowledge, ‘adab’ (ethics and virtues), and expertise of Bumiputera in fostering an entrepreneurial spirit through advanced curricula, talent development, impactful research, and industry synergy, contributing to the nation’s prosperity and global well-being

### **Objectives**

- To expand access to higher education.
- To provide world-class advanced education.
- To offer academic programmes that meet the evolving industry needs for national progress and global prosperity.
- To foster leadership qualities among holistic, versatile, and entrepreneurial graduates to be globally competitive.
- To empower the internalisation of UiTM philosophy and values through character development programmes and role models.
- To be at the forefront of leading edge scholarly knowledge through impactful and sustainable research, innovation, and commercialisation.
- To expand networks through synergy with alumni, industry, academia, community, and government to empower the strategic focus areas of the university.
- To champion organisational excellence through effective and efficient governance, aligned with the global sustainability agenda.
- To provide conducive infrastructure and a leading-edge digital ecosystem.
- To generate income and manage resources and finances efficiently, transparently, with integrity, and effectively for organisational sustainability.

## Institute of Postgraduate Studies (IPSis) : Vision, Mission and Objectives

### **Vision**

To be at the forefront of scholarship that enhances academic advancement at the graduate level, in the pursuit of academic excellence and world class standards of graduate education.

### **Mission**

Enhance the community of graduates who are constantly promoting the advancement of knowledge through academic study and research culture.

### **Objectives**

- To be the centre for administration and management for postgraduate studies for UiTM
- To broaden postgraduate learning opportunities globally
- To preserve scholastic quality of postgraduate studies
- To establish policies & procedures pertaining to postgraduate studies

# UiTM Postgraduate Society (UiPS)

## INTRODUCTION

UiTM Postgraduate Society commonly known as UiPS, was established in 2006. Historically, the society itself was initiated by thirty Master's Degree and PhD students before eventually grew to 3600 members ranging from various courses and faculties. The slogan "Together We Strive Towards Excellence" holds a significant ideology towards the success of research quality for the benefit of the nation and society. Not only that, UiPS has become the main support system in facilitating students' affairs from academic and non-academic perspectives. Another essential purpose of UiPS's establishment is to enrich the lives and study experience of postgraduate students by conducting various impactful physical and virtual events.

As in 2021, UiPS comprises 20 committee members from different faculties, cultures and areas of expertise with a sole purpose to cater to specific needs of the society's operations. UiPS is led by high committee members with wide cumulative management experience, assisted by business-minded entrepreneurship exco, diplomatic international affairs exco, resourceful student development and research exco, adaptive community outreach exco, energetic student affairs exco, creative multimedia exco, seasoned industry engagement exco as well as renowned faculty representatives.

### 1.1 Objectives

There are four keywords associated with this society; social networking, skills, platform and research culture. It is believed that these keywords emerge as a contributive tool of assistance among the postgraduate members. As we know, the journey of postgraduate studies is an uphill battle, thus, UiPS strives to become an adversary to ensure that all members are given an equal opportunity to succeed. There are three main objectives of UiPS:

1. Providing a platform for social networking so members can be inter-connected, physically (organising events and activities) and virtually.
2. Enhancing and encouraging members to develop mobility skills through classes, workshops and training sessions.
3. Supporting the Institutes of Graduate Studies (IPsIs) on promoting research culture among members.
