Dean's Message

As we stepped into the new semester, we could see that the campus is getting busy again. UiTM is moving back to physical classes, although many postgraduates courses are still delivered as blended learning.

The registration for new students was still carried out using online platform and IPSis has allocated almost one month duration to cater for about 2000 new students. Even though this number is lower than the previous semester, the percentage of those registered is not much difference compared to prior intakes. With this new intake, our postgraduate enrolment has surpassed 11000 which is the highest since IPSis establishment.

As I mentioned in the previous bulletin, this year IPSis celebrates its 25th anniversary. We have been busy since early of the year with various activities and the highlights was the Silver Jubilee Dinner which was officiated by UiTM Vice Chancellor. A big shout out to all college of studies, faculties, state campuses, academic centres and centre of excellences for always being supportive to IPSis. I strongly believe that with all the commitments shown, we will be able to keep on achieving new milestones in the years ahead.

Till then...take care!

GOING FARTHER WITH UITM: ABROAD PROMOTION FOR INTERNATIONAL POSTGRADUATES

by : **Hussein Hanibah**

Enrolment is one of the main Key Performance Indicator (KPI) for IPSis. Thus, strategy to improve enrolment especially international postgraduates is always be on act. Since May till October 2022, IPSis was actively on act reaching potential postgraduate at various countries through education expo arranged by appointed recruitment agency. Countries which involved in the promotion were Maldives, Saudi Arabia, Uzbekistan, Jordan, Kuwait and Indonesia.

The potential candidates have been guided and explained by IPSis team during exhibition. A competitive cost structure and "on site " application assistance have been the primary programme promotion strategies. Besides, UiTM delegation has also successfully explored a collaboration opportunity with the local university when they were in Saudi Arabia, namely King Saud University (KSU), King Abdul Aziz University (KAU) and University of Jeddah (UJ, respectively.

This happening and lively celebration was intended to gather IGS staffs from different unit and department as well as ex-IGS staffs and IGS partners form different background. Not being left behind, IGS has started its thorough preparations several day before the actual day of the event. “Erat Kasih Aidilfitri 2022” was kickstarted with the competition among department to decorate their food corner. Recognition ceremony was followed by with the long-awaited session of the feast which served a variety of special food choices such as *lemang*, *ketupat*, *rendang*, *soto*, *bihun sup*, *sate*, *nasi impit*, *raya* cookies and so much more. Apart from the backdrop of the hymn and the decoration of rhombus, flashing light and Tik Tok perform by IGS’s staff create the atmosphere of the *Aidilfitri* celebration on that day making it a memorable moment that will never be forgotten. The joy of celebration insight also be seen to some extent to foster the bond among IGS staffs and other members.

DROP AND GIVE ME WORDS!!!:..... THESIS BOOTCAMP 2022

by : Mazzuana Shamsuddin

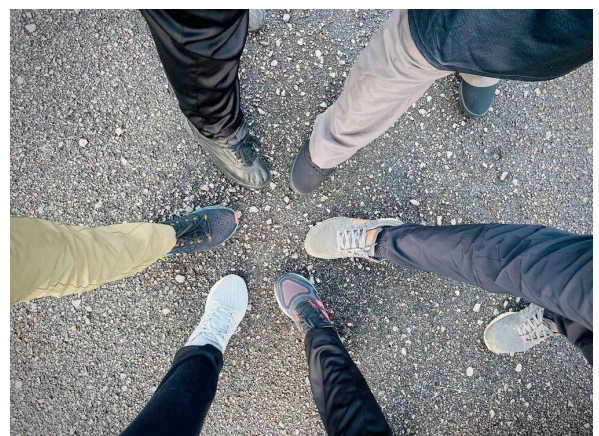

Thesis Boot Camp is an intensive and supportive writing environment for the final touch of doctoral researchers. The core idea is to give students the necessary time, space, and encouragement to make significant progress on your first draft. It's not designed to provide specific advice on editing, restructuring, or polishing a thesis – the focus is on generating text. This might be producing a large number of words, or else refining and editing existing content.

One of initiatives taken by IPSis to preserve scholastic quality of postgraduate studies, a thesis bootcamp was held from 15th to 17th of July 2022 at Institute of Leadership and Development (ILD), Bandar Enstek, Negeri Sembilan. The bootcamp was officiated by the Dean of IPSis, Professor Ir. Dr. Zuhaina Binti Zakaria. 45 students participate in this bootcamp and 4 facilitators were appointed to help the student.

The bootcamp was successfully organized where at the end of the session, 6 students were awarded as the highest milestone achievers. As a results, to date more than 10 students who participate in the thesis bootcamp have successfully completed their thesis writing and waiting for Viva-voce.

3 MINUTES THESIS **ACHIEVEMENT**

The Thesis in 5 Minutes Series 2" was organized by MNF-NETWORK. The objective of the competition is to allow postgraduate students to create a convincing and focused speech by presenting their ideas in 5 minutes. Furthermore, to have a competitive ground, the participants involved postgraduate students from various local and international universities. The competition was held virtually and judged by qualified academicians from various fields. Ahmad Azhan Abdul Moes was a final semester student who enrolled in Master of Science (Agribusiness) – AT733, in the Faculty of Plantation and Agrotechnology, Jasin campus. Prior to join the competition, his talent and ability was recognized by his academic supervisor, Assoc. Prof. Ts. Dr Abdul Rahman Saili, who persuaded him to join the competition. Alhamdulillah, Azhan did well in his presentation, bagged a Gold Medal, and was announced as the winner in the Master Science, Technology, Engineering, and Mathematics category. His thesis is entitled Exploring Influential Factors of using Facebook Marketing: A Case Study of Agrifood Enterprise.

CONGRATULATIONS!!!!

The 2022 Australia-Malaysia Virtual PhD Internship programme is an initiative of the Australian Department of Education in collaboration with the Malaysian Ministry of Higher Education to enable ten PhD scholars in the fields of social sciences, humanities or education from Malaysian public universities to undertake an 8-week virtual internship program at Australian higher education or research institutions. The primary objective of the internship program is to provide PhD scholars the opportunity to hone critical skills in an international academic research setting, to build collaborative partnerships with Australia early in their research careers and to foster ongoing collaboration between their Australian host and home institution. Ten postgraduate students from different fields of social sciences, humanities or education were selected from various local institutions such as UM, UKM, UPM, UiTM and UPSI. Each participant was given a great opportunity to collaborate with the selected host supervisor from the Australian higher education or research institution. UiTM was represented by Khairun Nisaa' Binti Mohd Nor, a PhD student at the Faculty of Plantation and Agrotechnology, UiTM Cawangan Melaka, Kampus Jasin. The home supervisor was Associate Professor Ts. Dr. Fazleen Abdul Fatah meanwhile the host supervisor for the internship program was a prominent figure in the field of productivity and efficiency, Professor Christopher O'Donnell from The University of Queensland, Australia.

During the 8-week virtual internship programme, she had one-to-one sessions for at least weekly with the host supervisor and managed to attend online Applied Economics seminar series held by the UQ School of Economics. Her project work involved the development of a survey tool, R code development for the models estimation, models estimation using practice data set, result assessment and preparation of seminar slides and draft paper. A mini symposium was held during the closing ceremony on 6th October 2022 at the Australian High Commission, Malaysia. The ceremony began with the introduction by Australian Education Counsellor Ms. Fiona Morris, welcoming address by Deputy Australian High Commissioner to Malaysia, Ms. Hannah Birdsey and opening remarks by Datin Noorazah Omar, Undersecretary, International Relations Division, Ministry of Higher Education. Meanwhile, keynote address was delivered by Professor Elizabeth Jones, Head of Psychology, Monash University, Malaysia. There were four different presentation themes under the field of social sciences, humanities or education namely 'Education Frameworks & Assessments', 'Special Needs & Disability Learning', 'Environment & Sustainability' and 'Society and Culture'. A poster session was also held on the same day. Overall, this virtual PhD internship programme has benefited her a lot and assisted her with great knowledge, skills, experience and networking to be endeavored throughout her PhD journey.
