2nd INTERNATIONAL POSTGRADUATE CONFERENCE

— ON GLOBAL GREEN ISSUES —

IN CONJUNCTION WITH

INSPIREd
2019 International Conference
2019

17th September 2019

Organised by :

UNIVERSITI
TEKNOLOGI
MARA

Centre Of Graduate Studies
UITM Perak Branch

INTRODUCTION

In conjunction with the Ipoh International Summit on Professionalism, Research and Education (INSPIREd) 2019, Universiti Teknologi MARA Perak Branch will be organizing the International Postgraduate Conference on Global Green Issues (GOGREEN 2019), on 17th September 2019 at Impiana Hotel, Ipoh, Perak, Malaysia. GOGREEN 2019 is a conference series dedicated to the presentation and deliberation of research findings as well as promoting awareness and the enhancement of knowledge on the latest in global green issues. This conference is deliberately planned for various backgrounds in the Built Environment; offering a great platform for participants to share their latest research findings and establish relationships, in line with this year's theme of *'Inspirations for a Greener and Sustainable Built Environment'*.

The organizing committee invites all innovative societies, researchers, academics, students, professionals and those interested to submit their original manuscripts in the forthcoming GOGREEN2019.

OBJECTIVES OF CONFERENCE

- 1** To act as a focal point for academics, researchers, professionals, and students to present research outcomes and new findings in the field of green technology;
- 2** To procure latest information on innovation and green technology towards sustainable built environment;
- 3** To provide opportunities for young researchers with the potential to promote their ideas and research outcomes towards more innovative research;
- 4** To create research networking and collaboration among participants.

! All accepted and presented papers will be published in eProceedings and Google Scholar.

CONFERENCE TRACKS

We welcome both conceptual and empirical papers that fall within, but not limited to the following conference tracks:

- Track 1: Design and Architecture**
- Track 2: Sustainable Infrastructures**
- Track 3: Innovations in Built Environment**
- Track 4: Green Energy Solutions and Technology**
- Track 5: Green Materials and Buildings**
- Track 6: Green Cities**
- Track 7: Green Management**
- Track 8: Sustainable Real Estate Investments**
